Text Responses

In what ways

Independent programming skills

N/A

Significantly improved my understanding of c++

Online effectiveness

not used

Very effective when trying to recall class contents for the final project.

Very helpful as a reference for studying/refreshing understanding

How well did CIS courses prepared you

It was compact and very well organized.

It was perfect

Suggestions for improvement

Good lecture materials throughout.

Don't change a thing

Things instructor did well

Presentation of material with clear communication
